

WHAT IS THE SIGN OF A GOOD DECISION?®

It's 160 years of doing what we set out to do.

On May 15, 1851, MassMutual started with a single room and a single purpose — to help people protect their family and their future. Today, 160 years later, that long-term perspective remains core to all we do. We're a company defined by our mutuality, owned by the very policyholders we serve.¹ We've seen world wars, depressions, recessions and recoveries, and remained strong. Over time, we've provided financial and retirement security to millions of people and come to possess financial strength ratings among the highest of any company in any industry.² A lot has changed since that first office in 1851, but one thing remains the same: We serve our policyholders' best interests. That founding purpose still drives us today. **Take a look at the past 160 years on our interactive timeline at MassMutual.com/160Timeline**

We'll help you get there.®
