Free Withdrawals²

(Amount available for withdrawals that is not subject to a CDSC)

Each contract year, you may withdraw a portion of your contract value free from any surrender charge:

- **During the first contract year**, up to 10 percent of the initial purchase payment applied on the contract issue date may be withdrawn without incurring a CDSC.
- **During each subsequent contract year**, up to 10 percent of the total purchase payment(s) still subject to a CDSC as of the previous contract anniversary may be withdrawn without incurring a CDSC.
- **Amount available for free withdrawal** is reduced by any previous free withdrawal amount(s) taken during the same contract year.
- **Any purchase payments made after a contract anniversary** in a given contract year will not be included in the calculation of the free withdrawal amount for that same contract year.
- **Unused free withdrawal amounts** in any contract year may not be carried over from year to year.
- **Withdrawals of purchase payments that exceed** the free withdrawal amount available in each contract year generally are subject to a CDSC.

Annual Maintenance Fee

<p>Investment Programs</p>	<ul style="list-style-type: none"> • Automatic Rebalancing Program: Authorizes MassMutual to periodically rebalance your contract value to the elected allocation percentages. • Automatic Investment Plan: Authorizes MassMutual to periodically withdraw funds from an account of your choosing to make purchase payments to your contract. A new CDSC schedule will apply to each additional purchase payment. Minimum additional purchase payment is \$100. • Separate Account Dollar-Cost-Averaging Program (from a selected fund to any of the other funds): Authorizes MassMutual to systematically transfer contract value among elected investment choices.³ 	

³ Dollar-cost averaging does not assure a profit and does not protect you against loss in declining markets. Since dollar-cost averaging involves continuous investment in securities regardless of fluctuating price levels of such securities, you should consider your financial ability to continue the program through periods of fluctuating price levels.
