

Refer to your prospectus for additional information about the divisions of the Separate Account and Information regarding Portfolio Rebalancing. Carefully review the Disclosures in section A before completing this form.

A Disclosures ::

Portfolio Rebalancing is *not available* on Variable Life Select, Variable Life Plus or Variable Life I products.

You *may not* elect Portfolio Rebalancing if the Dollar Cost Averaging (DCA) option is in effect on your policy.

The Portfolio Rebalancing date cannot occur within 66 days of the policy's Issue Date. Therefore, Portfolio Rebalancing will begin on the next following Rebalancing date after the 66-day period expires.

The account value in at least one of the selected divisions must vary from your chosen ratio by at least \$25.00 in order for rebalancing to occur.

The premium allocation percentages must be in whole numbers and the sum of the allocation percentages must equal 100%.

All of the existing divisions will be rebalanced to the divisions designated on this form.

The Guaranteed Principal Account (GPA) is not a division of the Separate Account and is not eligible as a designated division in our Portfolio Rebalancing program.

If the Portfolio Rebalancing election is made while an earlier Portfolio Rebalancing election is currently in effect for the policy, the new election will supersede the current one as of the new effective date. Only one Portfolio Rebalancing election is allowed for a given Valuation Date.

B Policy Information ::

- 1. Policy number(s): _____
- 2. Insured full legal name (First, MI, Last, Suffix): _____
- 3. Additional Insured full legal name (First, MI, Last, Suffix): _____

C Owner Information: ::

- 1. Full legal name: _____
- 2. Phone number: _____ Home Work Cell
