Overview of Benefits and Compensation for Prospective Employees

Rewards at MassMutual®

There's more to your life than your job and there's more to your aspirations than a paycheck. At MassMutual, we take a holistic view to compensation and benefits, providing a full spectrum of support for your physical, emotional and financial well-being. And just like our workforce, we're always evolving – adding flexibility and innovation to serve a variety of needs, from universal to unique.

Throughout this booklet, you'll see notations indicating whether benefits are paid for by the Company, the employee or both. For health and welfare benefits, employee contributions toward benefits are generally deducted from pay on a before-tax basis. However, for residents of certain states or territories (including New Jersey and Puerto Rico) that do not allow for before-tax employee contributions, those contributions may be subject to the income taxes of those jurisdictions.

Health and Welfare

Medical

MassMutual offers a comprehensive health and well-being program to employees regularly scheduled to work 20 or more hours per week. Medical coverage starts on the first day of employment, if the employee enrolls within 30 days of hire. Employees may cover an eligible spouse or domestic partner and eligible dependent children up to age 26, or older if disabled.

MassMutual's medical plans

MassMutual offers four health plan options in Cigna's Open Access Plus (OAP) network. Prescription drug coverage is administered by Express Scripts. "Premium" amounts vary based on the employee's annual base salary¹ and the coverage level they choose (individual, individual plus spouse or domestic partner, individual plus child(ren) or individual plus family). Medical plan participants can also take advantage of these services at no additional cost:

ConsumerMedical healthcare navigation and claims support

Included Health specialized advocacy and healthcare navigation support for LGBTQ+ and Black/African American communities. This benefit is available to medical plan participants and household members, even if household members aren't covered by our medical plan.

Two high deductible health plan options are available:

High deductible health plan options typically have a higher deductible and a lower premium than a traditional health insurance option – and they offer the opportunity to contribute to a portable, tax-favored health savings account (HSA) to save and pay for current and future qualified medical, prescription, dental, and vision expenses. Once your account balance reaches \$1,000 or more, you may choose to invest your balance.

Deductible	\$2,000 ind./\$4,000 fam.	\$1,500 ind./\$3,000 fam.
Out-of-pocket maximum	\$3,500 ind./\$7,000 fam.	\$3,000 ind./\$6,000 fam.

In addition to your own HSA contributions, most participants are eligible for automatic HSA contributions from the company (based on salary and coverage level), and well-being program participation (see “Live Healthy, Live Well” on the next page).³

Two non-high deductible health plan options are also available:

The non-high deductible health plan options, the Exclusive Provider Organization (EPO) and Preferred Provider Organization 750 (PPO750), offer more predictable costs for care, but have higher “premiums” than the HDHP options.

The copay schedule for certain in-network services provided under the EPO and PPO750 options is based on the provider’s tier. A provider’s tier is generally based on their contractual relationship with Cigna and Cigna’s quality and cost-efficiency standards. There are two tiers: In-network, Tier 1 – lower copay; and In-network, Tier 2 – higher copay.

Incentives are deposited into the HSA for HSA-eligible participants or paid as taxable income for employees who are not HSA-eligible.

A health care flexible spending account (FSA) allows employees to save money on a before-tax basis for eligible health care expenses, subject to IRS limits. For employees enrolled in a high deductible health plan option, the health care flexible spending account is a limited-use account for qualified dental and vision expenses. Employees who enroll in PPO750, the EPO, or who have non-high deductible health plan coverage elsewhere, may elect a full-use health care FSA for qualified medical, prescription, dental and vision expenses.

Dental

Two levels of Cigna Dental coverage are available: Basic Dental covers preventive and some restorative care; Major Dental covers all that Basic covers, plus restorations and orthodontia (limits apply). Dental participants can see any licensed dentist in the U.S., but may pay less when using in-network dentists.

Vision

EyeMed Vision Care participants may use in-network or out-of-network services; participants may pay less in-network.

Personalized mental health care solutions

Whether feeling great, managing a crisis, or somewhere in between, employees and their household members have a full spectrum of personalized mental-health solutions at their calling. Spring Health provides access to a broad network of providers, a dedicated care navigator, 12 counseling sessions and 12 coaching sessions per year, substance use disorder and family care programs, and more – with real-time online booking and participants seeing a therapist in an average of just 2 days. Compensation

Competitive Salaries

MassMutual's base salaries reward and recognize employees' experience, skills and performance. Our salary ranges are regularly benchmarked within our industry and the broader job market to ensure competitiveness.

Annual bonuses

At MassMutual, all employees⁸ are eligible to receive annual bonuses. Awards are discretionary and based on performance – both the company's and the employee's – with significant opportunity for above-target bonuses in years with exceptional results.

Incentive pay for sales-focused roles

Our Variable Incentive Compensation (VIC) program provides incentive pay awards commensurate with results for individuals in roles that directly influence sales. VIC awards are typically paid on a monthly basis and account for a larger portion of total compensation for eligible roles.

Long-term incentives

Employees at the strategic management/senior mastery level and above are eligible to receive long-term incentive awards each year as part of their total compensation package. For more information and to determine if your role is eligible, please speak to your recruiter.

Deferred Compensation

Select employees may be eligible to participate in a non-qualified deferred compensation plan.

⁸ Aside from those in sales roles, who instead receive Variable Incentive Compensation. Interns and employees of the MassMutual Federal Credit Union are not eligible for annual bonuses.

Financial Wellness

Retirement Benefits

As a company that helps people secure their future, we offer highly competitive retirement benefits—among the best you'll find in our sector or any other. Employees are eligible upon hire and become vested in company contributions over a three-year period.

Financial Counseling and Education

Company-provided financial counseling services are free of charge for MassMutual employees and their spouses or domestic partners. Participants can take advantage of telephonic financial counseling, financial education sessions, and online financial tools and articles.

Retiree Health Reimbursement Arrangement

The Retiree Health Reimbursement Arrangement (RHRA) provides financial support for retiree health expenses. A notional account is established for eligible employees beginning at age 45 (or upon hire, if already age 45 or older). Each month, MassMutual applies a monthly credit of \$208.34 (up to \$2,500.08 per year) — and interest — to the account. Eligible retirees who meet service requirements (generally 10 years of post-age-45 service) can use the account to be reimbursed for certain qualified retiree health expenses in retirement.

Flexibility

Our workplace philosophy balances flexibility with in-person collaboration to best meet the needs of our customers, our employees, and our company. Most employees work in the office at least 3 days a week and remotely the rest of the time, with the goal of balancing flexibility with face-to-face interaction. There are also cases where it makes sense for employees to work remotely full-time, generally those who do not live near a MassMutual office.

Conveniences

We offer a number of on-site and virtual conveniences — many of which are free, while others (like on-site dry cleaning) are provided for a fee.

Both our **Springfield and Boston campuses** offer on-site fitness centers, coffee bars, cafeterias (serving breakfast and lunch), ATMs, health coaches, game areas, mindfulness rooms, personal package shipping, and lots more. The two campuses also offer some distinct experiences — including a rich history, indoor/outdoor walking paths, dry cleaning and near-site childcare in Springfield, and an award-winning modern design plus all the amenities of the flourishing Seaport District at our Fan Pier campus in Boston.

For hybrid and remote workers, we offer free virtual fitness classes and other amenities to support health, collaboration and well-being.
