NOTES TO FINANCIAL STATEMENTS

Note 1 – Summary of Significant Accounting Policies

- a. Massachusetts Mutual Life Insurance Company (the Company) recognizes statutory accounting practices prescribed or permitted by the Commonwealth of Massachusetts Division of Insurance (the Division) for determining and reporting the financial condition and results of operations of an insurance company. The National Association of Insurance Commissioners (NAIC) Accounting Practices and Procedures Manual (NAIC SAP) has been adopted as a component of prescribed or permitted practices by the Division. The Company has adopted certain procedures that differ from NAIC SAP; however, such deviations are not believed to have a material impact on income, statutory surplus or Risk Based Capital (RBC).
- b. Use of estimates in the preparation of the financial statements – No significant changes
- c. Accounting policy – No significant changes

NOTES TO FINANCIAL STATEMENTS

b. Adoption of new accounting standards:

In March 2012, the NAIC issued Statement of Statutory Accounting Principles (SSAP) No. 102 "Accounting for Pensions, Replacement of SSAP No. 89," which was effective on January 1, 2013. This SSAP primarily adopts United States of America (U.S.) generally accepted accounting principles (GAAP) accounting guidance for pensions by requiring entities to measure the pension liability at the projected benefit obligation and to recognize the funded status of the defined benefit pension plan on the statement of financial position. The projected benefit obligation includes amounts for both vested and non-vested participants and makes assumptions for future compensation increases. The adoption of this SSAP on January 1, 2013 created an additional pension liability of \$43 million of which the Company immediately recorded \$8 million as a decrease to surplus. The remaining \$35 million transition liability has been deferred and will be amortized through 2022.

In March 2012, the NAIC issued SSAP No. 92, "Accounting for Postretirement Benefits Other Than Pensions, A Replacement of SSAP No. 14," which was effective January 1, 2013. Under this SSAP, participants not yet eligible to retire will also be included in the accumulated postretirement benefit obligation. The accumulated postretirement benefit obligation is already recorded on a U.S. GAAP basis on the books of MassMutual Holding LLC (MMHLLC), a subsidiary of the Company. The U.S. GAAP equity of this subsidiary is included in admitted assets of the Company for statutory purposes. Therefore, there was no impact from the adoption of this SSAP besides disclosure.

In March 2012, the NAIC issued SSAP No. 103, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities," which superseded SSAP No. 91R, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities." The change to SSAP No. 91R incorporates the U.S. GAAP guidance of the Financial Accounting Standards Board (FASB) Statement No. 166, "Accounting for Transfers and Servicing of Financial Assets, an amendment of FASB Statement No. 140," and Accounting Standards Update No. 2011-03, "Transfers and Servicing (Topic 860), Reconsideration of Effective Control for Repurchase Agreements," with modifications to conform the guidance to statutory accounting concepts. These modifications are primarily related to concepts that are not applicable or consistent with statutory accounting (e.g., rejection of U.S. GAAP consideration for consolidated affiliates, references to U.S. GAAP standards, methods, references and guidance not adopted for/applicable to statutory accounting). The Company adopted the guidance prospectively as of January 1, 2013. Adoption of this guidance did not have an impact on the Company's financial statements.

In August 2012, the NAIC issued new guidance pertaining to share-based payments. This new standard provides statutory accounting guidance on transactions in which an entity awards employees in share-based payments. It requires entities to measure share-based payments in the financial statements using a fair value-based measurement objective and recognize the compensation costs as employee services are consumed. It substantially adopts the stock compensation guidance in U.S. GAAP under Accounting Standards Codification Topic 718, Stock Compensation, which the Company has applied to its accounting for the phantom stock appreciation rights and phantom restricted stock since 2008. This guidance was issued as SSAP No. 104, "Share-Based Payments – Revised," which supersedes SSAP No. 13, "Stock Options and Stock Purchase Plans," and is effective prospectively for years beginning on January 1, 2013, although early adoption was permitted for the December 31, 2012 financial statements. The Company early adopted this statement as of December 31, 2012, and it did not have an impact on the Company's financial statements.

Note 10 – Information Concerning Parent, Subsidiaries and Affiliates

a-d. No significant changes

- e. The Company has two modified coinsurance (Modco) agreements with the Japanese subsidiary of MMHLLC, MassMutual Life Insurance Company, on certain life insurance products. Under these Modco agreements, the Company is the reinsurer and the Japanese subsidiary retains the reserve and associated assets on individual life insurance policies. The predominant contract types are whole life, endowments and term insurance. The Modco agreements allow the Japanese subsidiary to keep control of the investment and management of the assets supporting the reserves. The Modco adjustment is the mechanism by which the Company funds the reserve on the reinsured portion of the risk. It is needed to adjust for the financial effect of the Japanese subsidiary holding the reserves on the ceded coverage rather than the Company. These two Modco agreements were recaptured, effective May 31, 2013, resulting in an \$8 million increase to income due to the recapture fee paid to MassMutual from the Japanese subsidiary. The net outstanding balances due from the Japanese subsidiary are due and payable within 90 days.
- f. The Company entered into a service agreement with MassMutual Retirement Service, LLC (MMRS) where the Company, for a fee, will furnish MMRS, as required, operating facilities, human resources, computer software development and managerial services. MMRS will pay the Company an annual administrative and support services fee equal to the actual costs and expenses, as reasonably determined, incurred with respect to such services, plus four percent of such actual costs and expenses. For the six months ended June 30, 2013, the Company recorded fees of \$36 million related to this contract. The terms require the settlement of the fee quarterly.

NOTES TO FINANCIAL STATEMENTS

- g. On April 16, 2010, a lawsuit was filed in New York state court against OppenheimerFunds, Inc. (OFI), its subsidiary HarbourView Asset Management Corporation (HVAMC) and AAARDVARK IV Funding Limited (AAARDVARK IV) in connection with the investment made by TSL (USA) Inc., an affiliate of National Australia Bank Limited, in AAARDVARK IV. The complaint alleges breach of contract, breach of the covenant of good faith and fair dealing, gross negligence, unjust enrichment and conversion. The complaint seeks compensatory and punitive damages, along with attorney fees. The court has dismissed certain equitable claims against OFI and HVAMC, leaving only the claims for breach of contract. Plaintiffs filed an amended complaint with additional contractual claims. In October 2011, defendants moved to dismiss the complaint to the extent it seeks damages in the form of a return of the plaintiffs' full principal investment. In December 2011, plaintiffs filed a motion for partial summary judgment. In January 2012, the court granted in part defendant's motion to dismiss and denied plaintiffs' motion for partial summary judgment. In April 2012, plaintiffs filed a motion for leave to file a third amended complaint, which added a fraud claim and additional allegations in support of plaintiffs' contract claims. In August 2012, plaintiffs and defendants separately filed motions for partial summary judgment. In April 2013, the court (i) denied plaintiffs' motion for summary judgment; (ii) granted defendants' motion of summary judgment, dismissing plaintiffs' fraud claim with prejudice and dismissing their contract claim without prejudice and (iii) granted plaintiffs' leave to replead to assert a cause of action for specific performance within 30 days. In May 2013, the plaintiffs filed a notice of appeal of the court's April 2013 order of dismissal. The parties have agreed to stay further proceedings pending the appeal. OFI believes it has substantial defenses to the remaining claims and will continue to vigorously defend itself in these actions. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from these claims.

On July 15, 2011, a lawsuit was filed in New York State Supreme Court against OFI, HVAMC and AAARDVARK I Funding Limited (AAARDVARK I), in connection with investments made by TSL (USA) Inc. and other investors in AAARDVARK I. The complaint alleges breach of contract against each of the defendants and seeks compensatory damages and costs and disbursements, including attorney fees. In October 2011, defendants moved to dismiss the complaint to the extent it seeks damages in the form of a return of the plaintiffs' full principal investment. In January 2012, the court granted in part defendant's motion to dismiss. In July 2012, the parties participated in a mediation of their dispute, which did not result in a settlement. In March 2013, plaintiffs filed an amended complaint, which added a fraud claim and alleged additional facts in support of plaintiffs' contract claim. The parties have agreed to stay proceedings pending the appeal of the AAARDVARK IV dismissal order. OFI believes it has substantial defenses to the remaining claims and will continue to vigorously defend itself in these actions. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from these claims.

On November 9, 2011, a lawsuit was filed in New York State Supreme Court against OFI, HVAMC and AAARDVARK XS Funding Limited (AAARDVARK XS) in connection with the investment made by Scaldis Capital Limited, predecessor in interest to plaintiff Royal Park Investments SA/NV, in AAARDVARK XS. The complaint alleges breach of contract against the defendants and seeks compensatory damages and an award of attorney fees and litigation expenses. OFI believes it has substantial defenses and will vigorously defend itself in these actions. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from these claims.

Beyond these matters, MMHLLC's subsidiaries are involved in litigation and investigations arising in the ordinary course of the subsidiaries' businesses. Although the Company is not aware of any actions or allegations that reasonably should give rise to a material adverse impact to the Company's financial position or liquidity, because of the uncertainties involved with some of these matters, future revisions to the estimates of the potential liability could materially affect the Company's financial position.

The Company has no parent.

The Company is involved in litigation arising in and out of the normal course of business, which seeks both compensatory and punitive damages. Although the Company is not aware of any actions or allegations that reasonably should give rise to a material adverse impact to the Company's financial position or liquidity, the outcome of litigation cannot be foreseen with certainty. It is the opinion of management that the ultimate resolution of these matters will not materially impact the Company's financial position or liquidity. However, the outcome of a particular proceeding may be material to the Company's operating results for a particular period depending upon, among other factors, the size of the loss or liability and the level of the Company's income for the period.

Since December 2008, the Company and MMHLLC have been named as defendants in a number of putative class action and individual lawsuits filed by investors seeking to recover investments they allegedly lost as a result of the "Ponzi" scheme run by Bernard L. Madoff through his company, Bernard L. Madoff Investment Securities, LLC (BLMIS). The plaintiffs allege a variety of state law and federal securities claims against the Company and/or MMHLLC, and certain of its subsidiaries, seeking to recover losses arising from their investments in several funds managed by Tremont Group Holdings, Inc. (Tremont) or Tremont Partners, Inc., including Rye Select Broad Market Prime Fund, L.P., Rye Select Broad Market Fund, L.P., American Masters Broad Market Prime Fund, L.P., American Masters Market Neutral Fund, L.P. and/or Tremont Market Neutral Fund, L.P. Tremont and its subsidiary, Tremont Partners, Inc., are indirect subsidiaries of MMHLLC. Certain of the lawsuits have been consolidated into three groups of suits pending in the U.S. District Court for the Southern District of New York. In February 2011, the parties in the consolidated federal litigation submitted to the court a proposed settlement agreement. In August 2011, the court entered an order and final judgment approving the settlement. Appeals have been filed and remain pending. The settlement, if affirmed on appeal, will not have a significant financial impact on the Company.

Additionally, a number of other lawsuits were filed in state courts in California, Colorado, Florida, Massachusetts, New Mexico, New York and Washington by investors in Tremont funds against Tremont, and in certain cases against the Company, MMHLLC and other defendants, raising claims similar to those in the consolidated federal litigation. Those cases are in various stages of litigation. The Company believes it has substantial defenses and will continue to vigorously defend itself in these actions. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from these claims.

On October 19, 2011, Golden Star, Inc. (Golden Star), plan administrator of the Golden Star Administrative Associates 401(k) Plan and Golden Star Bargaining Associates 401(k) Plan, filed a putative class action lawsuit in the U.S. District Court for the District of Massachusetts against the Company. Golden Star alleges, among other things, that the Company breached its alleged fiduciary duties while performing services to 401(k) plans and that certain of its actions constituted "Prohibited Transactions" under the Employee Retirement Income Security Act of 1974. The Company believes that it has numerous substantial defenses to the claims and will vigorously defend itself. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from this action.

Christina Chavez (Chavez) filed a putative class action complaint against the Company in April 2010. Chavez alleges that the Company breached its obligations to its term life policyholders in California by not paying dividends on those policies. The parties are engaged in active discovery. The Company believes it has substantial defenses and will continue to vigorously defend itself in these actions. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from this claim.

In 2009, numerous lawsuits (the Rochester Suits) were filed as putative class actions in connection with the investment performance of certain municipal bond funds advised by OFI and distributed by its subsidiary, OppenheimerFunds Distributor, Inc. The Rochester Suits raise claims under federal securities laws alleging that, among other things, the disclosure documents of the funds contained misrepresentations and omissions, that the investment policies of the funds were not followed and that the funds and other defendants violated federal securities laws and regulations and certain state laws. The Rochester Suits have been consolidated into seven groups, one for each of the funds, in the U.S. district court in Colorado. Amended complaints and motions to dismiss were filed. In October 2011, the court issued an order granting and denying in part defendants' motion to dismiss the suits. In January 2012, the court granted a stipulated scheduling and discovery order in these actions. In September 2012, defendants opposed plaintiffs' July 2012 motion for class certification and filed motions for partial summary judgment in several of the Rochester Suits. In March 2013, the court denied one of the defendants' motions for partial summary judgment; defendants' second motion, which seeks dismissal of plaintiffs' "leverage ratio" claims, is still pending. In July 2013, the parties to six of the Rochester Suits reached an agreement in principle to settle those suits. The proposed settlement is subject to various contingencies, including execution of a memorandum of understanding between the parties, execution of stipulations of settlement in each of the six actions, approval by the boards of directors of Oppenheimer Acquisition Corp. and OFI and the board of trustees of the funds at issue in those lawsuits, and approval by the court. Approval of the proposed settlement also requires that a sufficient number of class members approve the settlement to induce defendants to proceed with it. Because of these remaining uncertainties, management believes that no reasonable estimate can be made as to the amount or range of any potential loss.

In May 2009, the Company was named as a defendant in a private action related to certain losses in a bank owned life insurance (BOLI) policy issued by the Company. The plaintiff alleges, among other things, fraud, breach of contract and breach of fiduciary duty claims against the Company, and it seeks to recover losses arising from investments pursuant to the BOLI policy. The Company believes it has substantial defenses and will continue to vigorously defend itself in this action. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from this claim.

NOTES TO FINANCIAL STATEMENTS

In July 2012, Karen Bacchi filed a putative class action complaint against the Company in federal court alleging that the Company breached its contracts by allegedly failing to distribute surplus in excess of the statutorily prescribed limit. The matter is in the initial pleading stages. The Company believes that it has substantial defenses and will vigorously defend itself. No reasonable estimate can be made at this time regarding the potential liability, if any, or the amount or range of any loss that may result from this claim.

In July 2012, members of the Keros family filed a putative class action complaint against the Company and its directors in federal court alleging breach of fiduciary duty related to an alleged violation of Massachusetts law concerning domestic mutual insurance company voting practices. The Company and directors' motions to dismiss were granted, in their entirety, on August 5, 2013. This decision remains subject to potential appeal.

f. **Regulatory matters:**

The Company is subject to governmental and administrative proceedings and regulatory inquiries, examinations and investigations in the ordinary course of its business. In connection with regulatory inquiries, examinations and investigations, the Company has been contacted by various regulatory agencies including, among others, the Securities and Exchange Commission, the U.S. Department of Labor and various state insurance departments and state attorneys general. The Company has cooperated fully with these regulatory agencies with regard to their inquiries, examinations and investigations and has responded to information requests and comments.

Market volatility in the financial services industry over the last several years has contributed to increased scrutiny of the entire financial services industry. Therefore, the Company believes that it is reasonable to expect that proceedings, regulatory inquiries, examinations and investigations into the insurance and financial services industries will continue for the foreseeable future. Additionally, new industry-wide legislation, rules and regulations could significantly affect the insurance and financial services industries as a whole. It is the opinion of management that the ultimate resolution of these regulatory inquiries, examinations, investigations, legislative and regulatory changes of which we are aware will not materially impact the Company's financial position or liquidity. However, the outcome of a particular matter may be material to the Company's operating results for a particular period depending upon, among other factors, the financial impact of the matter and the level of the Company's income for the period.

Such classifications are reported as transfers between levels at the beginning fair value for the reporting period in which it occurs. During the six months ended, June 30, 2013, \$177 million of equity securities were transferred between the Level 1 and Level 2 measurement categories.

Common stocks of unconsolidated subsidiaries, primarily MMHLLC, are accounted for using the statutory equity method. The Company accounts for the value of its investment in its subsidiary, MMHLLC, at its underlying U.S. GAAP net equity adjusted to remove certain nonadmitted and intangible assets, as well as a portion of its noncontrolling interests (NCI) and appropriated retained earnings (ARE), after consideration of MMHLLC's fair value and the Company's capital levels. The Division has affirmed the statutory recognition of the Company's application of the NCI guidelines in MMHLLC's statutory carrying value. However, the Company has limited this recognition to \$2,135 million and \$2,165 million as of June 30, 2013 and December 31, 2012, respectively. i. Business risks

Investment and interest rate risks

As interest rates increase, certain securities may experience slower pay-down and prepayment speeds that can extend the expected maturity dates and potentially limit the Company's ability to reinvest the proceeds at a higher rate of interest. Rising interest rates may also decrease the fair value of the investment portfolio. As interest rates decline, certain securities may experience accelerated pay-down and prepayment speeds from what was assumed at purchase. During such periods, the Company is at risk of lower net investment income as it may not be able to reinvest the proceeds at comparable yields. Declining interest rates may also increase the fair value of the investment portfolio.

Credit and other market risks

Housing market trends began to improve in May 2012 and nationally, house prices are up about 12% from their post-crisis lows as increased home demand, and slowing of foreclosure rates and delinquencies improved the supply/demand fundamentals. Significant regional differences in house price performance are likely to continue. The rates of foreclosure resolutions remain low but are improved from their post-crisis bottoms. Liquidity for bonds issued in 2008 and earlier has generally been good. From May 2012 through May 2013, prices improved sharply due to a lack of supply and improved housing market expectations. Profit taking began in mid-May 2013 as loss adjusted yields began to widen from very tight levels. Prices have begun to stabilize, although they are below their peaks from earlier this year.

The Company continues to monitor global, national and local market fundamentals in both its new mortgage origination and the portfolio management functions. First quarter economic growth was reasonably strong in light of slower global growth expectations and the drag from reduced federal spending, and our outlook for 2013 maintains accelerating growth in the latter half of the year as the nation's housing recovery accelerates. The full impact of sequestration will also likely become more evident in the latter half of the year, continuing to threaten consumer and business confidence in the near term. Headwinds from federal spending cuts, uncertainties regarding health care reform and overseas threats add to the air of economic uncertainty. Despite this fluid macro environment, private sector growth engines in housing and auto manufacturing have engaged and commercial property fundamentals are improving. Apartment and hotel markets are at or very close to full recovery in both pricing and fundamentals, with moderate supply forecasts. Most office, industrial and retail markets are clearly in the early stages of a recovery phase. While the overall economic environment remains fragile, commercial property market fundamentals appear positioned for a gradual recovery.

Note 22 – Events Subsequent

The Company has evaluated subsequent events through August 7, 2013, the date the financial statements were available to be issued, and no events have occurred subsequent to the balance sheet date and before the date of evaluation that would require disclosure.

NOTES TO FINANCIAL STATEMENTS

- (2) On January 1, 2013, the Company entered into an indemnity reinsurance agreement to reinsure 100% of the Retirement Plans Group (RPG). The reinsurance agreement contains coinsurance and modified coinsurance features. Under the agreement, the Company will indemnify The Hartford for \$9.2 billion of policyholders' reserves and liabilities for deposit-type contracts, using coinsurance, and \$26.3 billion of separate account liabilities using modified coinsurance. In addition, the Company reinsured contracts written on The Hartford's policy form by the Company's Retirement Services Division during the post close period, which is expected to be 12 months. On execution of the coinsurance feature, the Company received invested assets with a fair value of \$9.3 billion and \$383 million of other assets, net of a ceding commission of \$355 million, and assumed \$5.3 billion of policyholders' reserves and \$3.9 billion of liabilities for deposit-type contracts and \$868 million of other liabilities. Under the modified coinsurance feature, the separate account assets and related reserves were not transferred to or held by the Company. This transaction enables the Company to build its retirement business, add complementary markets and distribution capabilities, and nearly double the number of retirement plan participants it serves to approximately three million.

For the six months ended June 30, 2013, the Company has received \$959 million of premium pursuant to the reinsurance agreement.

As a result of the agreement to reinsure RPG, group annuities in the policyholders' reserves increased \$5.3 billion with a range of interest rates of 3.0% - 9.5% and the liabilities for deposit-type contracts increased \$4.0 billion with a range of interest rates of 3.0% - 9.5% as of June 30, 2013.
